GRADES

60% Three in-class exams (6/16, 6/30, 7/14) and one take-home exam (Due 7/25)
Lowest of these four exam scores will be dropped.
40% Final Exam
Wednesday 7/27, 2-5pm, NAC 6/307

OVERVIEW

Each day we will learn new material and homework exercises will be assigned. It is essential that you work through these exercises before the next class and ask questions whenever something is unclear. Answer keys (and other things) will be posted to my website.

Exams will be based on class examples and assigned exercises. Calculators are not allowed on exams, although you may find it helpful to use a graphing device while studying. In general, no make-up exams will be given. If you must miss an exam, please email me in advance and include a justification for your absence.

There will be some opportunities for extra credit throughout the semester. These will be announced in class.
