GRADES

40% 4 Quizzes (lowest quiz grade will be dropped)
20% Midterm Exam
40% Final Exam (Thursday May 24, 3:30-5:45pm)

OVERVIEW

Each day we will learn new material and homework exercises will be assigned (and posted to johnadamski.com. It is essential that you work through these exercises before the next class. Homework will not be collected or graded, but detailed solutions will be posted. You are expected to compare your solutions to mine, and to ask questions whenever anything is unclear.

Quizzes and exams will be based on assigned exercises and announced 1-2 weeks in advance. Calculators are not allowed to be used while taking quizzes/exams, although you may find it helpful to use a graphing device while studying. In general, no make-up quizzes or exams will be given. If you must miss a quiz/exam, please email me in advance and include a justification for your absence.

There may be some opportunities for small amounts of extra credit throughout the semester. These will be announced in class.
