20% Midterm Exam
40% Final Exam

OVERVIEW

Each day we will learn new material and homework exercises will be assigned. It is essential that you work through these exercises before the next class. Homework will not be collected or graded, but detailed solutions will be posted to johnadamski.com.

Quizzes and exams will be based on assigned exercises and announced the previous week. Calculators are not allowed, although you may find it helpful to use a graphing device while studying. In general, no make-up quizzes or exams will be given. If you must miss a quiz/exam, please email me in advance and include a justification for your absence. Please note that our final exam will be given on Thursday, May 21, at 3:30pm.

There will be several opportunities for extra credit throughout the semester. These will be announced in class.
